Non-Woven Fabric

Spunbond Non-Woven Fabric

Engineered for Performance. Made for Your Requirements.

We manufacture high-quality PP spunbond non-woven fabric designed to deliver the right balance of strength, durability, softness, flexibility and cost efficiency. It is made on our own 2.4 m SS and 3.2 m S plants at Bhiwani.

Sanitary napkins

Wipes

Table runners

UV Treated Non-Woven Fabric

Built to Perform. Engineered for Outdoor Durability.

Our UV treated non-woven fabric is made with UV stabilizers that improve resistance to ultraviolet radiation, helping the fabric keep its strength, appearance and performance for longer when used outdoors.

Non-Woven Bags

D-Cut Non-Woven Bag

Practical. Durable. Customizable.

Our D-cut non-woven bags are made from PP spunbond non-woven fabric. The integrated D-cut handle gives a convenient carrying solution for retail and promotional use, and the bag is lightweight yet durable with good load-bearing capacity.
